

Supplementary Table S1. PICO for study inclusion.		
Research question	Q1: What is the prevalence, and what are the risk factors or associated factors for damage accrual in SjD?	Q2: What is the impact of damage on outcomes and quality of life in patients with Sjögren's disease?
Population	SjD patients	SjD patients
Intervention	Risk factor for damage (clinical manifestations, laboratory features, genetic factors, environmental exposition)	Presence of damage
Comparators	SjD patients without damage	SjD patients without damage
Outcomes	Damage accrual	QoL, outcome (mortality, hospitalisation, prognosis)
