

Erratum corrigé

T helper 1 response is correlated with widespread pain, fatigue, sleeping disorders and the quality of life in patients with fibromyalgia and is modulated by hyperbaric oxygen therapy

Published in *Clin Exp Rheumatol* 2019; 37 (Suppl. 116): S81-89.

The authors have brought to our attention that there was an error in the plot in Fig. 3.

The third plot in Fig. 3C and 4A are very similar as they derive from the same set of data. In detail, the same plot was inserted twice by a copy/paste mistake: the third plot in Fig. 4A is correct, while the plot in Fig. 3 is wrong. We herewith enclose the correct Figure 3

The results showed in the correct figure do not change the already published results.
